## 2022-2023 School Year Student Registration

Have you completed the online registration for your child/ren for the 2022-2023 school year? Without registration being completed annually your child may not have a seat and bus pass for the start of the school year. Without completed registration your child/ren will not be assigned to a class for the new school year. This is an important process for all parents to complete for your child/ren. Link to the registration process and instructions here: [New School Year Registration](#)

## Student Arrival Time

Just a reminder that beginning of day supervision outside of the school starts at 8:45 a.m. daily. Children should arrive no earlier than 8:45 or they are arriving to an unsupervised space.

## Rapid Tests

The school has a few rapid tests that have not yet been distributed. If your family is in need of a test kit please call the school and we provide a kit for your child to take home.
